

School Community Council Meeting Notes

January 11, 2024

- ★ **Celebrations:** 1. New Year, kids are back after the holidays.
2. District recently got software for an emergency system app (Raptor)
3. Robotics club starts on Tuesday.
- ★ **Math Trustlands Goal :** Courtney asked what we do for professional development. Responses:
 - Mrs Blackhurst: she did a CMI
 - Ms Sharp: look for patterns in each class. Did this with literature and is now working on math.
 - Mr Argyle: we send teachers to conference and the money for professional development pays for that. This year the conference is in Provo.
- ★ **Topics for Next Month's Meeting?** Can the school start a fine arts club next year before or after school, such as choir, orchestra, art, music? PTA said some parents are willing to help with it.
